

MITCHELLTECH

Entrepreneurship

- Develop the business skills needed to run a successful trade-based company, including leadership, financial management, and operations.
- Gain practical skills in customer acquisition, pricing, marketing, contract management, and business technology tools.
- Flexible hybrid format allows students to continue working while attending live classes just two days per month.
- Graduates of Mitchell Tech can earn an AAS degree in Entrepreneurship. A diploma option is also available.

TUITION/FEES: \$10,449

Book costs not included.
