Mitchell Technical Institute

EDUCATION AGENCY RELATIONS GOALS  MTI 1201

Mitchell Technical Institute will cooperate to the fullest possible extent with other institutions of higher learning, with K-12 school districts, and with other local, state, and regional agencies and organizations in the solution of education problems of common concern. This cooperation will extend to such areas as research, exchange of information and data, coordination of curriculum, coordination of school calendars and activities, and construction of facilities that may be efficiently used on a cooperative basis, and any other activity where it may be advantageous to serve a broader area than one institution.

In carrying out this policy, the superintendent will include in his recommendations to the Board an evaluation of the desirability and feasibility of cooperation with other agencies in endeavors which could benefit the district and MTI.
