FACILITY USAGE – POSSESSION, USE AND DISTRIBUTION OF ALCOHOL **MTI 1143**

Introduction

The Mitchell Technical Institute (MTI) receives requests from a variety of groups for the use of the buildings and grounds of the Institute. Some of these groups have direct ties to the institute, some have ties due to the use of the facilities because of training, and others have ties via partnerships and other relationships, i.e., the Chamber of Commerce, Economic Development, and area businesses. Sometimes these requests include the serving of food and beverages. On occasion the beverage request is for alcohol.

While MTI is well-known for its Culinary Arts program and actively seeks to promote it, the institute does not engage in the serving of food in the institute or in the community unless there is a tie to MTI and/or there is a benefit to the Culinary Arts program or institute in terms of instruction and promotion. When possible, the institute uses the services of food vendors in the community. Alcohol is not currently served on the MTI campuses except for as provided for below.

Policy Intent

It is the intent of this policy to set up guidelines for the possession, use, and distribution of alcohol when requested for those events and activities held on the Mitchell Technical Institute's campuses controlled by the Mitchell School District Board of Education. The intent is to accommodate groups, like, but not limited to: the MTI Alumni Association, the MTI Foundation, the MTI Advisory Committees, the Mitchell Area Technical Educators and others who use the facilities and have either a direct tie to the institute or are using the institute for training and a social event is desired that is incidental to the training. These events are known as "closed events" – invitational events at which the majority of guests are over 21 years of age.

No possession, use, or distribution of alcohol is permitted on premises controlled by the Board of Education **except as provided in this policy**. Possession, use or distribution of alcoholic beverages in a lawful manner is permitted on premises controlled by the Board of Education which have been designated by the President of Mitchell Technical Institute as places where such possession, use and distribution may be granted, subject to such conditions as the president may also prescribe.

Alcoholic beverages are not permitted on premises controlled by the Board of Education at any student-sponsored program, activity, or event including institute-recognized clubs and organizations and the Student Representative Board.
