BOARD POLICY IMPLEMENTATION

MTI 310

The President has responsibility for carrying out, through administrative actions and regulations, the policies established by the Board.

The policies developed by the Board and the administrative regulations developed to implement policy are designed to promote an effective and efficient educational institution. Consequently, it is assumed that all Mitchell Technical Institute employees and students will willingly carry them out.

There are activities that are common to all departments and school levels but procedures for conducting them may vary from unit to unit. Administrators and department heads will establish procedures for conducting activities within their individual units within the larger framework of administrative regulations and Board policies.

Cross Reference: MTI 233: Board Policy Development

6/10/19 – Changed to "Mitchell Technical Institute" when referring to employees and students carrying out board policies and regulations.
