## **MITCHELL TECHNICAL COLLEGE ADVISORY COUNCIL**

**MTC 330**

Mitchell Technical College shall utilize an institutional advisory council. This council shall serve in an advisory capacity to the MTC President and administrative personnel. Acceptance of the advice of the Strategic Advisory Council (SAC) is at the option of the Board of Education and Administration. The Council shall exist during the time it is authorized by the Mitchell Board of Education. Since the Mitchell Board of Education is the legally constituted authority over Mitchell Technical College (MTC), it surrenders none of its authority or responsibilities in establishing an advisory council for MTC matters.

In its advisory capacity, the Council's primary goal will be to improve Mitchell Technical College's strategic direction and positioning in order to provide for the best possible education of the students; to ensure industry requirements are being met; and to ensure the long-term success of the institution. Council members can accomplish this overarching goal by:

1. Reviewing the MTC organizational direction and goals to ensure they are in the best interest of industry and the state
2. Providing liaison and communication between MTC and industry, communities, and state government
3. Ensuring the maintenance of political support for MTC goals and objectives
4. Promoting communication between the public, businesses, and the school
5. Supporting and promoting MTC and its endeavors in public and private forums
6. Influencing legislative and public activities to ensure statutes and public opinion support MTC's endeavors and present MTC in a positive light
