

Mitchell Technical Institute

2017-2018 School Costs

Estimated expenses for students attending MTI

Paying for School

Students who attend South Dakota's technical institutes are all charged the same amount for tuition per credit hour. Additionally, some fees are collected by the state for building and technology costs. MTI locally determines fees for programs, student services, certifications, and one-time expenses like laptop computers. Students are also required to purchase the books and tools necessary for each program.

Financial aid can cover some expenses, depending upon a student's eligibility. Otherwise, all costs are the responsibility of the student. Students who enroll need to prepare for some initial expenses at the start of the term. Books, supplies, and tools will be required for all classes. MTI and the MTI Bookstore do not allow advances or charging

of items from the Bookstore (except with a credit card or with prior approval from the MTI Business office). Please budget accordingly when making your school plans.

Refund Policy for Institutional Costs

Students attending Mitchell Technical Institute who withdraw from all classes before 60% of a semester or term has lapsed are entitled to have a portion of their institutional costs returned to the federal financial aid program that provided the funds. Specifics of the refund policy for Title IV funds and other forms of financial aid are outlined in the MTI Student Handbook. See the Financial Aid office for details.

Estimated Costs for Off-Campus Expenses (For A Nine-Month Academic Year*)

Student Allowances	(living off campus)
Room and Board	\$6000.00
