Dual Credit Classes for High School Students

Mitchell Technical Institute allows high school students to enroll in selected online and face-to-face classes providing you the opportunity to earn credit at MTI and at your local high school if approved by your school district.

What are the benefits for students taking dual-credit classes?

- Enhances abilities and skills to do college work and aids students in gaining confidence for post-secondary success
- Allows students to experience the rigor and challenge of post-secondary classes while still in high school
- Provides relevance to students allowing them to study areas of career interest
