6.) The method(s) used by the institution to determine which students receive Emergency Financial Aid Grants and how much they would receive under Section 18004(a)(1) of the CARES Act.

Following guidance received from the US Department of Education, MTC determined the following students were eligible to receive Emergency Financial Aid Grants:

Title IV-eligible students under Section 484 of the Higher Education Act

Students are eligible for Higher Education Emergency Relief Fund (HEERF) student grants under the CARES Act if they were not enrolled exclusively in an online **program** on March 13, 2020 and meet the Title IV-eligibility requirements.

The method used to determine how much each student would receive was based on the number of credits the student was enrolled in as of March 13, 2020 (excluding any credits for which a student may be refunded due to the program not being able to offer that class to finish the spring 2020 semester). Eligible students will receive \$30/credit.

7.) Any instructions, directions, or guidance provided by the institution to students concerning the Emergency Financial Aid Grants.

An e-mail was sent to all students whom we had determined to be eligible for the grant based on the guidance received from the Department of Education and if the student had completed a 2019-2020 FAFSA meeting the student eligibility requirements under Section 484 of Title IV of the Higher Education Act. You can view this e-mail [here](#). (link to email requesting student mailing address)

A separate e-mail was sent to all students whom we had determined met the basic eligibility requirements, but who had not completed a 2019-2020 FAFSA. These students were informed of the grant and instructed to complete the 2019-2020 FAFSA if they wanted to be further considered. You can view this e-mail [here](#). (link to email to students needing completion of FAFSA)

When a check has been generated for an eligible student and is prepared for mailing, the following note is included:

“Dear MTI Student,

The Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law to get support to those most in need as quickly as possible. That includes college students whose lives have been disrupted, many of whom are facing financial challenges and struggling to make ends meet.

Grant funding made available to MTI through the U.S. Department of Education has allowed this payment to you as an emergency financial aid grant. The amount of the grant is based on \$30/credit hour for the total number of credits you are registered

during the spring semester 2020. These funds are to be used to cover expenses related to the disruption of campus operations due to coronavirus (including eligible expenses under a student's cost of attendance, such as food, housing, course materials, technology, health care, and child care).

This is a grant and does not have to be repaid and it does not count as part of your financial aid.”
