# Commencement Speaker

John Heemstra  
Vice-President, Mitchell Technical College

Originally from Yankton, South Dakota, John Heemstra graduated from South Dakota State University in 1978 and was commissioned through ROTC as a 2nd Lieutenant in the U.S. Army. He served almost 18 years as an active-duty Infantry officer with assignments throughout the United States and overseas. He retired as a Major in 1995. He completed a master's degree in education administration from SDSU and is a graduate of the U.S. Army Command General Staff College.

In November 1995, John returned to South Dakota as the Telecommunications Coordinator for Mitchell Technical Institute (MTI) and the Sanborn Interactive Video Network (SIVN). His duties at that time included coordination of educational satellite programs broadcast by MTI and coordination of classes among SIVN's nine member schools using one of the first two-way video networks in South Dakota. He added duties as the director of the DIAL Virtual School in 2002 and was recognized for his leadership in this field with the "Statewide Leadership Award" by the South Dakota Distance Learning Association in 2003 and the "Dr. James D. Parry Technology Leadership Legacy Award" in 2009. He has served in a variety of positions at Mitchell Technical College for the past 26 years including management of numerous federal grants and most recently as the Vice-President for Operations and Human Resources since 2017. He will retire from Mitchell Technical College at the end of this school year.

# Alumni Speaker

Amya Swett - Class of 2020  
Animal Science  
Associate of Applied Science Degree

Amya graduated from the Animal Science program at Mitchell Tech in 2020 and was one of the final cohort of alumni from Mitchell Technical Institute. She was involved with the Ag Club in her second year at Mitchell Tech and was top of her class in Livestock Selection. Amya enjoyed her time at Mitchell Tech as a student. She now works in the admissions department, helping students figure out what field they would like to continue their education and hopes they find the same love for Mitchell Tech as she did.

**Associate of Applied Science:** a two-year degree with technical and general education coursework to promote entry into a specific career.

**Diploma:** a one-year achievement demonstrating completion of a field-specific course of study for entry into the workforce.
