| | ore hands-on exercising for Cat5e/Cat6 residential cabling. Added more patch panel we added 6 more fiber splicing equipment. Received a new cable locator and utilize the rvice training. |

| | Explain changes in the assessments used in your program since your last review (include input received and rationale) | Second year students continue perform industry equipment research assignments and present to the class. Then they train thier classmates on the equipment. They are also faced with network challenges and issues - giving them the real-world scenarios. |
|-----------------------------|--|--|
| INDUSTRY CERTIFICATIONS | Explain any changes made or planned in the program based on assessment of industry certifications used in the program. | Continue to be members of the SCTE (Society of Cable Telecommuinications Engineers). Jesse is certified as a NCTI (National Cable Television Institute). |
| INTERNSHIPS/CLINIC ALS | How do you evaluate program competencies or learning objectives during internship/externship experiences? | Industry supervisors complete an evaluation of the intern at the mid-way point and at the end of the internship. |
| | s you reviewed results of internship/externship evaluations, what curriculum changes were made or are planned in your program? | We moved WBT249 to spring semester of the 1st year for the students to be better prepared for the summer internship. |
| ENROLLMENT | Does the most recent year's data meet this benchmark? If not, explain a single-year anomaly or explain what strategies your program will implement to address a pattern (two or more years) of not reaching this benchmark. | 13/24 = 54%, did not meet benchmark. Will focus on career fair visits, going to Wagner, Yankton and new this year to Marion. |
| RETENTION | Does the most recent year's data meet this benchmark? If not, explain a single-year anomaly or explain what strategies your program will implement to address a pattern (two or more years) of not reaching this benchmark. | 19/18 = 95% - met benchmark. |
| GRADUATION | Does the most recent year's data meet this benchmark? If not, explain a single-year anomaly or explain what strategies your program will implement to address a pattern (two or more years) of not reaching this benchmark. | 11/10 = 91%, met benchmark. |
| PLACEMENT | Does the most recent year's data meet this benchmark? If not, explain a single-year anomaly or explain what strategies your program will implement to address a pattern (two or more years) of not reaching this benchmark. | 11/11 = 100%, met benchmark. |
| STUDENT SATISFACTION | If this benchmark is not met, what strategy or strategies will be implemented to address this measure? | Met benchmark. |
| ALUMNI SATISFACTION | If this benchmark is not met, what strategy or strategies will be implemented to address this measure? | Met benchmar. Based on the feedback we added more hands-on exercises for Cat5e/Cat6 cabling. Added more patch panel exercises. Added more fiber splicing exercises as we received 6 more fusion splicers. Received a new cable locator to add exercises at the MTC field. Added BUS204 to improve customer service training. |
| EMPLOYER SATISFACTION | If this benchmark is not met, what strategy or strategies will be implemented to address this measure? | Met benchmark, 100% |
| PROFESSIONAL DEVELOPMENT | What professional development activities have instructors in this program completed in the last year? | Mike completed On-Line classes for Eletrical Power Engineering and Basics of IP & Data Communications. Jesse attended the South Dakota Telecommunications Association Fall Outside Plant Workshop and focused on fiber optic connectivity. |
| | activities have instructors in this program completed in the last | |

| | How were these activities used to improve this program? | Added information to the lecture classes. Indentifed proper fiber optic connectors to use for training. |
|------------------|--|---|
| ORGANIZATIONS | Do faculty members belong to professional organizations associated with this program? | Yes |
| | If no, explain why. | |
| | Are students made aware of the professional organizations for their career field? | Yes |
| | What changes were or will be made to this program based on feedback provided at the past year's advisory board meeting(s)? | Added BUS204 customer service class to better prepare students for the work force. Moved WBT249 Outside Plant Class to the spring semester of the 1st year students to better prepare them for the summer internship. Dropped the CCNA classes and add CIS130 Network Essentials to better align the program. |
| | Implementation Date | 2021-08-23 |
| | Indicate the personnel responsible for implementing the change(s): | Micahel Benjamin, Jesse Royston |
| PLANS AND BUDGET | As you review this past year, what changes do you propose for the next school year that will affect the program's budget? | Fixed wireless continues to rolled out in the industry. Midco recommendations for fixed wireless equipment from RedLine \$37,326. Fiber Optic splice trailer modified to also be a wireless access point - \$28.900. |
| | Cost | \$66,266.00 |
